

Locally Invested - Community Minded - Lifetime Membership Benefits - Care for the Environment

General Manager's Message

June 2023

I would like to sincerely thank you for your support in 2022. At Dauphin Co-op, our profits are your profits! Unlike many of our competitors, the revenues we make are returned to you, our member-owners, in the Parkland area. Profits don't leave the province or country. It's a Co-op thing! Our Vision "Enrich the Life of Our Communities" only comes to life through your continued support.

Your ongoing support has allowed us to invest in our Team Members (your neighbors) in facilities and equipment, in the communities we serve, and to allocate patronage and provide \$1.8 million in cash back to our member-owners. Over the past 5 years these investments have contributed \$38,000 per day, \$1,175,000 per month and \$14,110,000 per year back into our communities! This investment betters the lives of our Team Members, you and your family and the communities we work and raise our families in.

Thank you again for your continued support as we look forward to another successful year in 2023.

Sincerely,
Lorne Eiffert
